

Reduce, Reuse, Re_____

This puzzle is based on words that begin with the letters *re*. In Part A, fill in each blank with a word that begins with *re* and completes the sentence meaningfully, as in "I need to renew my cell phone contract." If you are not sure of an answer, you might get help when you move to Part B. Complete the sentences in Part B with the words you used in Part A, but without the *re* prefix. For example, if you used *renew* to complete Sentence #1 in Part A, you will use *new* (*renew* without *re*) to complete Sentence #1 in Part B, as in "The opposite of *old* is new." If you used *report* in Part A, you will use *port* in Part B, and so on. If you're really ready, start now!

Part A

1. Did you _____ to turn off the lights before you left the room?
2. Let's _____ the new vocabulary before we take the reading test tomorrow.
3. We often _____ trash from the playground, but why is it there in the first place?
