

A mother

a mother is,
chef in the kitchen
and
doctor with kids
she is the one,
who never gets tired
and
never get relaxed
a mother is,
lifeguard on the beach
and
teacher with kids
she is the one,
who always want to give her child
a quality education
the one who,
never take care for herself
but
always take care for her kids
a mother is like,
that God came on the earth in the
face of mother
salute you mother for all u gave us.
