Access is like a seed

Access is like a seed
Released in a fertile soil
   It is an opportunity
You just need to garden it
Make it to grow healthy
Planted in us by merit
Access sprout and bloom
With the help of committed teachers
   Dedicated students
Access shows us that we will all get it
Regardless of the circumstances

As a tree which bears beautiful fruits
Access gives us different paths
   Best choices
Making us grow as a tree
For Access, the sky is the limit

Clara, Julia, and Mariana from Access Brazil
