

“Access My Achievement Tree”

Access is my achievement tree
It grows out of our efforts and learning
Access is my achievement tree, where I learned to climb up
Access is a shady tree, under which I learned to walk and relax
Access is a tree on which flowers blossom, which made me enjoy the smell of knowledge
Access is a tree on which grows the fruits of success, which made me to pick the best one
Access is my achievement tree, on whose leaves dew drops of success shines
Access is my achievement tree, a deep rooted tree
Which made me stand straight and strong
Access is my achievement tree

Mehreen from Access Pakistan
