Access Program

Access program is a platform,
Where we can perform.
    It has many ways,
    To give us strong base.
It gives us many opportunities,
We can participate in various activities.
    There is a library,
    Its facilities are extraordinary.
    Teachers teach us attractively,
    We can learn everything easily.
    Slowly we are achieving wisdom,
Frequently we are opening our knowledge kingdom.
    Sometimes American teachers come here,
    They inspire us to go there.
    Finishing this nice course.
    We will get a bright source.
We thank the U.S. Govt. cordially,
For giving the chance affectionately.
