

Access Program

Americans in October 2004,
Had students at the door.
For the Access Program,
With many forums.

The dedicated teachers,
Have lessons with many features.
Complete 24 months course,
With zeal and source.

Multilevel few fortunate students,
Expressing to communicate is ardent.
The smile on their face,
Is the achievement gained through pace.

The certificate at hand,
Is like a magic wand.
The success of the story,
Shines upon with glory!
