Are you teaching English online and seeking ways to help students improve their speaking skills?

Research shows that the key to an effective speaking lesson is to provide ample opportunities for students to actively participate, but many instructors are struggling to convert their favorite in-person speaking activities to the online format.

In this webinar, we will:

• examine the benefits of increasing student talk time (STT) in class
• explore various routines, activities, and tools that will give students a voice in their virtual classrooms
Christine has worked in the English language field for over a decade. She currently teaches ESL in the United States at the Waukesha County Technical College in Wisconsin, where she prepares adult immigrants to successfully enter higher education and fulfilling careers.

Previously, she served as a U.S. Department of State English Language Fellow in Panama. She has also provided professional development workshops for EFL instructors in Mexico and Turkey.

Christine holds a BS in International Studies-Global Security from the University of Wisconsin-Madison and a Master of Arts in Linguistics with a TESOL graduate certificate from the University of Wisconsin-Milwaukee.
Increasing Student Talk Time in the Online Classroom
Today’s Plan

Why student talk time (STT)?

Best practices

Synchronous activities

Asynchronous activities
Today’s Plan

- Why student talk time (STT)?
- Best practices
- Synchronous activities
- Asynchronous activities
To swim, you’ll need to lift one arm while pushing back with the other. At the same time, keep moving your feet up and down rapidly. It’s also important to breathe between arm strokes. This will be important if you ever fall into the ocean, so your paragraph about proper swimming technique is due on Monday.
Why STT?

• Leads to greater speaking skills

• Provides chance to actively use the language

• Motivates students

• Builds community and relationships
What challenges have you faced when trying to incorporate speaking into your online classes?
Today’s Plan

- Why student talk time (STT)?
- Best practices
- Synchronous activities
- Asynchronous activities
Best Practice #1

Aim for at least 50% STT
Best Practice #2

Reduce Teacher Talk Time (TTT)
Best Practice #3

Utilize small groups

4 minutes each > 40 seconds each
Best Practice #4

Praise
Best Practice #5

Set up for equitable participation

A few classroom management tools
Best Practice #6

Don’t interrupt
Which of these best practices are you already doing?
Which could you improve upon?
Today’s Plan

- Why student talk time (STT)?
- Best practices
- Synchronous activities
- Asynchronous activities
Synchronous – Whole Class
Mystery Object

1. One person selects object related to unit of study

2. Class sets question limit
   • Assign S to keep track

3. Ss take turns asking yes/no questions until they correctly guess mystery object

Variation
• S selects object from list
• T allows any type of yes/no question

Is it...? ≤ Yes, it is.
No, it isn’t.

Does it...? ≤ Yes, it does.
No, it doesn’t.
Stand Up/Sit Down

1. Each S prepares one **true** and one **false** statement related to unit of study

2. T calls on S to say one of their statements

3. If **true**, students **stand**.
   If **false**, students **sit**.

Variation

- Ss raise sign, use chat, or use annotate to show true/false
Scenario 1: You introduce “Mystery Object” or “Stand Up/Sit down” to your class, but when it’s time to participate, no one speaks.

What can you do?
1) Model example
2) Add scaffolds: brainstorm and write possible things to say, then Ss read when called
3) Sing/chant together to warm up
4) Do movement together to warm up
5) Have safe classroom where mistakes are welcome and praise is given to all who try
Scenario 2: You introduce “Mystery Object” or “Stand Up/Sit Down,” and when it’s time to participate, one S does all the speaking.

What can you do?
1) Set expectations (e.g. “everyone can speak twice”)
2) Give silent time for Ss to prepare
3) Call on Ss (e.g. list, name wheel, sticks)
4) Ask Ss to mute until called
“Ask a Classmate” Drills

1. T provides question/answer frames and vocabulary

2. T asks S a question

3. S answers, then T instructs them to ask a classmate the next question

4. Ss continue drill until T determines
“Ask a Classmate” Drills

Do you like ____?  
Yes, I do.  
No, I don’t.

David, do you like juice?  
Yes, I do.  
Arwa, do you like milk?  
No, I don’t.  
Tuan, do you like tea?  
Yes, I do.  
Ai, do you like soda?  
No, I don’t. ...etc.
Ask a Classmate Drills

Do you prefer __ or __?
I prefer __.

David, do you prefer tea or juice?
I prefer tea.

Arwa, do you prefer milk or soda?
I prefer soda.

Tuan, do you prefer water or milk?

Teacher

I prefer coffee. ...etc.

David

Ai

I prefer milk. Ai, do you prefer tea or coffee?

Arwa

Tuan
“Ask a Classmate” Drills

Teacher: David, have you drunk any water today?
David: Yes, I have.

Arwa: Arwa, have you drunk soda today?
Arwa: No, I haven’t.

Tuan: Tuan, have you drunk juice today?
Tuan: Yes, I have.

Ai: Ai, have you drunk tea today?
Ai: Yes, I have.

...etc.

Have you drunk any __ today?

< Yes, I have.
No, I haven’t.
What are other ways we can get students talking when the whole class is together?
Synchronous – Breakout Rooms
Discussion

• Reserve time for Ss to speak freely in every class

• Link discussions to content or language target

• Ask open-ended questions

• Make effective groupings (more advanced or techy Ss can provide leadership)

• Consider time (older/more advanced Ss can discuss longer)
<table>

| Closing reflection          | Great job participating in the lesson today! Please share with a partner:  
                             • **Something you learned**  
                             • **Something you wonder**  |
How can instructors motivate students to stay on task and speak English during breakout room discussions?
1) Teacher visits groups
2) Time limit
3) Task

My go-to: “I’m going to pick a few students to share something their partner said.”
Games

Which is Different?

1. T models activity
2. T provides list of vocabulary words
   - Ss write words in notebook
   - T writes words in chat
   - T shares document
3. In breakout rooms Ss decide which word is different and why
   - Encourage critical thinking.
     There’s more than one answer!
4. Ss prepare to share reasoning
Debates

To Prepare

1. T assigns Ss to groups that share same opinion

2. Ss prepare support for their side
   - Option to flip: Ss read article or watch video before class

Breakouts for Preparation

<table>
<thead>
<tr>
<th>AAA</th>
<th>BBB</th>
<th>CCC</th>
</tr>
</thead>
<tbody>
<tr>
<td>AAA</td>
<td>BBB</td>
<td>CCC</td>
</tr>
</tbody>
</table>
Debates

To debate!

3. T provides language and expectations for debate

4. T makes new rooms with representative from each side

<table>

“The Great Mini-Debate” English Teaching Forum

Breakouts for Debate

ABC  ABC  ABC

ABC  ABC  ABC
What follow-up activity could students do after their debate?
Today’s Plan

Why student talk time (STT)?

Best practices

Synchronous activities

Asynchronous activities
1. Ss send **instructional videos**

*What is something you enjoy preparing in the kitchen? Provide step-by-step instructions to teach me how to make it!*
1. Ss send **instructional videos**

2. Ss **answer** reflection questions

Today, we discussed dating and marriage. ❤️
Record yourself speaking about **ONE** of the topics below for 1 minute. Vocabulary from today is **bold**.

**Option 1:** How has **online dating** changed romance in society?

**Option 2:** Do you think **arranged marriages** are a good idea?

**Option 3:** What steps can **spouses** take if they are having problems?
1. Ss send **instructional videos**

2. Ss **answer** reflection questions

3. Ss **read** their writing or homework answers
Flipgrid

- Great for **presentations**
- Ss share recordings with classmates
- Ss watch each other’s presentations and reply with text or video
Padlet

• Share audio/video/text/images on a class wall

• Great for
  • sharing opinions
  • sharing predictions
  • Telling stories
  • Making original sentences
Chatterpix

Make things talk!
1. Take a picture
2. Draw a mouth
3. Record voice
4. Add fun stuff
5. Save to phone
6. Send to instructor

Assignment:
1) Find something you love in your home
2) Tell us about it (10-30 seconds)
3) Send it to the class WhatsApp group
What’s your favorite program for students to submit audio recordings? Why?
Keep in Mind

Do fewer things, better.
Summary

Synchronous
- Whole class & breakouts
  - Mystery Object
  - Stand Up/Sit Down
  - Drills
  - Discussions
  - Games
  - Debates

Asynchronous
- Messaging Apps, Flipgrid, Padlet, & Chatterpix
  - Instructional Videos
  - Reflection questions
  - Read own writing
  - Presentations
  - Share opinions
  - Share predictions
  - Tell stories

Best Practice
Which of the activities, tools, or practices from today’s webinar do you think you can start using in your class?
“Technology will not replace great teachers, but technology in the hands of great teachers can be transformational.” —George Couros
