

Be strong

How to be when your heart is beating?

How to be when you have a feeling?

When all around you go wrong,

The only way to be is to be strong.

How to learn to tell a word?

How to learn to hear what we want?

When all around you go wrong,

The only thing to learn is to be strong.

How to start a better day?

How to start to find your way?

When all around you go wrong,

The only thing to start is to be strong.

How to do your dream to become true?

How to do your goal to have a clue?

When all around you go wrong,

The only thing to do is to be strong.
