

Education a key to success

Education a key to success  
Without you we can't talk  
You gave us the rules to follow  
Without you is impossible

Education we need to choose a day to celebrate you  
You are gleaming  
You show us where is brightness and darkness  
Education you are amazing  
You change our lives and our future  
You showed us the way  
You gave us knowledge to learn more  
You are powerful  
We thank you education  
Keep it up.
