

Education: We cannot live without you

We can't live without you

We can't work without you

You give us power to succeed

Education the key to success

You are my father and mother

You are the light of my life

You are our hero

If it wasn't you, I couldn't be where i am today

You are my future of tomorrow

Every day we think about you

Every night we dream about you

If it wasn't you, life couldn't be better

My future lies with you education.
