El Paso: Lyrics
by Danielle Ate the Sandwich
(1:31)

1 Oh El Paso, I have ridden on your highway curves,
   And I have spoken to the governor
   About the use of your U-turns.

4 Oh El Paso, I ate two corndogs at a Wienerschnitzel,
   And I have watched your infomercials
   That threaten bigger muscles
   To those who stay up late enough to order.

8 Oh El Paso, I left better than I was before,
   And I have sung my golden melodies
   With the best man that I know.

11 Oh El Paso, won’t you save a place for a girl like me?
   I am awful sad to leave you,
   Glad to have known you,
   And happy to have had your company.

El Paso, Texas: Between Two Lands

Geography and Weather
El Paso is a city in the western corner of Texas, which lies on the border between the United States and Mexico. It is the sixth largest city in Texas with a metropolitan area that has been growing dramatically. Due to its geographical characteristics, El Paso is a place where American and Mexican cultures mix.

El Paso has a harsh desert climate. Summers are hot and dry, while winter weather is mild with low humidity. Despite the dry atmosphere, it rains about nine inches per year on average. The city sometimes floods from late July to August, influenced by intense summer thunderstorms.

History
Before Spanish conquistadors discovered this area in the Chihuahuan desert, Native Americans inhabited the El Paso region for centuries. Although El Paso became part of the United States when Texas joined the Union in 1845, before that there were disagreements about how to draw the border between Mexico and the United States. The Rio Grande River eventually became the boundary between the two countries.

These days, El Paso has developed into a modern city, which is a center of significant industry, commerce, and transportation in the Southwest. Major industries include tourism, textiles, manufacturing of cement and building materials, and food processing.

Entertainment
As a border town, El Paso has flourished with numerous entertaining and interesting places to enjoy. Franklin Mountains State Park, which opened to the public in 1987, is the largest urban park in the United States. The park offers visitors various outdoor activities, such as hiking, biking, camping, and exploring caves.

The Chamizal National Memorial, a well-known National Park, commemorates the Chamizal Treaty of 1963. These park grounds stand for the peaceful settlement of a 100-year border dispute between the United States and Mexico. The memorial displays murals, historical documents and pictures that present the values of diplomacy, different cultures, and cooperation.
