

Honest

I was born honest because I'm  
Just being honest. I was going to tell a  
Life but I had to tell the truth I'm just  
Being honest. Sometimes being honest is good  
Honest, do you know what is honest? Honest,  
Is the opposite of reliable. You can lie to me  
But be honest to yourself. Honest the  
Prosperity for life. Honest is like a poem  
That can't be written. Honest is like our  
Promises of another tomorrow
