

I Have a Dream

I have a dream, one day I'll fly like a butterfly

I have a dream, one day I'll be bright like a star

I have a dream, one day I'll swim like a fish

I have a dream, one day I'll give light like a sun to everyone

I have a dream, one day I'll give hope to everyone like a new morning

I have a dream, one day I'll give knowledge to everyone like a book

I have a dream, to share a smile with every one
