

I need a girl!

I need a girl,
who never thinks to go,
and who has no farewell,
in her principles,
a girl who can be my mirror,
smiling to me,
in both happiness and anger,
a girl who is able,
to give me a little baby,
being me in a beautiful picture,
a girl or a boy from me,
to whom I should struggle,
to whom I'll bring happiness,
to his/ her fluffy pure life.

I need a pretty girl,
who will be in love clever,
the one to whom my heart,
will breath with non-stop,
in order to live together,

I need and I need not,
any girl that knocks my door,
but a girl who stays forever.
