

LIMPOPO

Limpopo my Province with beautiful people
Limpopo you have a beautiful buildings, shops and hospitals
Limpopo the Eden of South Africa
Limpopo my Province
We have schools where we get education
The schools are beautiful because of you
You have many departments
The premier's, local government, health and forestry and others
They all make us communities to live together
You give our grannies money to support us Limpopo
You take care of the orphans
Above all you give us education for free
I love you my Province Limpopo.
