

Pray Song for My Mom

Mom you are everything and respectful  
To me and you are important to me and you are like  
The sun that comes up everyday  
And you are like the stars that comes up everyday  
And to me mom you are incredible  
Mother and you kind, patient and you are sensible  
And mom if I'm with you I feel  
Like I'm with someone else and you are understanding mom  
And I love you mom  
My stars that comes up everyday
