

Students of Access Program

They are eager to learn the ropes,
They have beaten the bushes.
They are no other teens than
My favourite enthusiastic 'Access students'.

They are glad to be the part of 'Access',
And be happy to get the tremendous opportunities.
'Access' has made paths for my unbounds
To access the global language of English.

O who is reading me be notified,
'Access' has changed some of their views of life.
In my vision they are becoming the leader of leaders,
Their latent spirits are now sparkling for others.

O 'Access' thank you for all the facilities,
For shaping up my unbounds.

MD. Abu from Access Bangladesh
