

The future starts now

Like stars in the sky
And the waves in the sea
Access came into my life
And it came to guide me

If I had no way
Now I'm not alone
To create a future
We are on a journey
A great journey
Which has not stopped
For tomorrow, being someone better

But why I walk
A road, not alone
Despite all difficulties
we'll miss it
When it's over

Joao, Liniker, and Matheus from Access Brazil
