

The Morning

The moon is setting, the sun is shining.
The clouds are saying in the sky,
“Let’s start the day”.

The wind is blowing, the birds are flying.
The flowers are saying,
“Let’s add beauty to the day”.

The stream is drifting
The fish are playing
The angels are wishing
“Be a peaceful day”

The animals are gamboling
The children are caroling, and
Everyone is saying!
“What a pleasant day!”
