

THE REASON FOR MY CHOICE

Life is about choices
Choice of life is made
The English came into my life
As a choice well made
The reason for my choice
It was curiosity
I was looking to meet
Major new opportunities
Explore knowledge
not yet discovered
Know the foreign culture
Bringing it to my reality
The ACCESS is
the way of opportunities
Everything depends on you
ensure your success and your happiness
Dream on
never give up
have faith
it is not easy, nor will it be.
